From top:
1970s vintage is the key theme for model **Nike 7207** produced by **Marchon**, one of the optical frames with a design that focuses on authenticity and the origins of the Nike brand. A plastic model with Nike logo, this model is easy-to-wear and stylish with a cool retro flavour; **X Original** by **Imagine Eyewear**: a classic from Italian label Imagine featuring a semi-rimless design, double bridge and decorative temples; **K:ACTOR 6027** by **Area** comes in three colours, featuring a wrap front with nylon lenses. The temples combine metal and nylon inserts; **BioEyes 626 AIR XP** by **Pramoar** has been created solely using numerical control: the frame is one piece, without soldering, for excellent strength. Available in 10 colours.
